

Thammasat University Notification
on
Measures and Recommendations on the Prevention and Control of Coronavirus 19 (COVID-19)
(No. 4)

Pursuant to the continued spread of Coronavirus 19 (COVID-19) in many countries, and the broad scope of infection in certain countries, on 24 February, 2020, the National Communicable Disease Committee approved, in principle, the draft Ministry of Public Health Notification on Name and Important Symptoms of Dangerous Contagious Diseases (No. 3), B.E. 2563, to which Coronavirus Disease 2019: COVID-19 is added as number 14 on the list of dangerous contagious diseases, under the Communicable Disease Act, B.E. 2558. In order to implement precautions and control the spread of the disease, Thammasat University hereby issues the following measures to be observed by faculty, staff and students.

1. Faculty, staff and students are requested to refrain from traveling to or transiting through areas with continued infections and areas where it is advised to avoid going into congested venues according to the Ministry of Public Health Department of Disease Control notification, namely The People's Republic of China, Hong Kong, Macau, The Republic of China (Taiwan), Singapore, Japan, South Korea, Italy and Iran. (Follow country updates at <https://ddc.moph.go.th/viralpneumonia/index.php>)
2. Those having traveled to or transited through the areas in 1. and having returned to Thailand from 13 February, 2020 onwards are requested to refrain from coming to work or to class and to remain in their residence for 14 days, for which they will not be considered absent from work or from class and absent days will not be counted as leave days. In addition, they are requested to:
 - 2.1 Report themselves by filling in the Coronavirus 2019 monitoring form accessible through the attached QR code.
 - 2.2 Take temperature measurements twice a day (morning-evening) every day for 14 days from the day of return to Thailand and submit a Daily Report for Thammasat University Students and Staff through the attached QR code.
 - 2.3 Refrain from going out to public places or places with many people, using public transportation, or sharing personal items such as handkerchiefs, towels, drinking glasses, forks and spoons, etc. with others.
 - 2.4 Regularly clean their hands with alcohol gel or soap and water, particularly before and after touching the face, nose, eye or mouth.

- 2.5 In the event of having a fever ≥ 37.5 degrees Celsius and one of the symptoms (cough, running nose, sore throat, shortness of breath), they are requested to quickly see a doctor at the specific disease triage station (former Thai Military Bank building), Thammasat Hospital, tel. 02-926-9019.
3. After 14 days of observation, those having traveled to or transited through the areas in 1. are requested to report back to work or to class by contacting the following offices during office hours, as specified by the university.
- Ta Prachan, Primary Care Unit, Student Activities Building 3rd floor, tel. 02-613-3961, 02-613-3958.
 - Rangsit Center, Health Promotion Unit, Specific Disease Triage Station (former Thai Military Bank building), Thammasat Hospital, tel. 02-926-9090 or SC building first aid room, 1st floor, room number 1062, tel. 02-696-6001, internal line 82-6600-1.
 - Lampang Campus, first aid room, five-storey classroom building, 1st floor, room number 3101, tel. 054-237-999, internal line 84-5175.
 - Pattaya Campus, first aid room, Ror Sor Mor classroom building, 1st floor, tel. 038-259-050 ext. 1200.

Given on 26 February, 2020

(Associate Professor Gasinee Witoonchart)
Rector
