

## study visits

### TU hospital laundry services

### CMU exchange program AY2023

Hospital laundry services in the hospital are important for the protection of the patient's health.

As part of the CMU exchange program in academic year 2023, exchange students had a walk-through survey provided by subject OC491 at TU Hospital Laundry Services on August 28, 2023. The study visit aimed to identify occupational safety and health problems and allow students to learn about hospital linen and laundry service management, the movement of linen, and the functions of the laundry department.
