

Meeting with TU Rector

And Campus Tour

UM Exchange Student Program, AY20230

On January 8, 2024, our MPH-GH program exchange students visiting Thammasat University in Thailand were invited to a special meeting at the Dome Administration Building, an annual tradition. The students had the honour of receiving welcome speeches from two esteemed figures: Thammasat University's Rector, Associate Professor Gasinee Witoonchart, and Associate Professor Dr. Sasitorn Taptagaporn, the Dean of the Faculty of Public Health.

It was a wonderful experience for our exchange students from Maastricht University as they explored Thammasat University's Rangsit Campus. The group visited landmarks on the campus, including the transportation station, the PUAY Park for the People, the learning center, and the Dome Administrative Building.
